Nursing - Enrolled Nurses

Administer and Monitor Medicines and Intravenous Therapy (HLTENN007)

Program Code	Start Date	Program Length	Campus	Study Mode	Contact
HLTENN007	Thursday 26 March 2020 (Intake 2)	6 months plus work placement	Mayfield Education Hawthorn	2 days per week onsite	(03) 9882 7644

This unit is for current and practicing Enrolled Nurses and describes the skills and knowledge required to administer and monitor medications and intravenous (IV) therapy including calculating dosage requirements, interpreting written instructions from an authorised prescriber, assessing the person for medication effectiveness and side effects, and responding to an allergic pharmacological reaction. This unit applies to enrolled nursing work carried out in consultation and collaboration with registered nurses and under supervisory arrangements aligned to the Nursing and Midwifery Board of Australia regulatory authority legislative requirements. The skills in this unit must be applied in accordance with Commonwealth and State/Territory legislation, Australian/New Zealand standards and industry codes of practice.
